## Dream Girls User Guide - Training Girls for Success

The Dream Girls' user guide is a step-by-step manual showing you how to use these subliminal programs for success. We've been online since 2007 giving men the edge they need to properly train girls inflicting positive reinforcement in behavior.

Using our subliminal MP3's programs!

But since 2011 we've been studying a new method called Neural reconditioning that's been around since [Windows 95](#), making Dream Girls subliminals more powerful for training girls subconsciously.

For the past few weeks all of Dream Girls subliminal programs have been re-mastered and digitally updated for the Members Area & Subliminal Downloads.

Our subliminal programs influence the subconscious inflecting change on the girl's behavior!  
The subliminal messages feed directly into the subconscious enforcing those changes!

She will be unaware of the subliminal messages playing in the background of the music. Now as she listens to the Music the subliminal messages will vibrate in the girl's inner ear or from a distance so that her brain can decode the messages.

She will think she's only hearing music but in fact the subliminal messages which are influencing the girl's subconscious mind storing these messages where she will subconsciously learn to act on them.

It will be up to you to help her along as she's positively influenced by the subliminal messages she's subconsciously hearing. Okay when she starts to show signs in her behavior, help by making this habit forming so she can't fall back.

Once something becomes a new habit it'll be hard to break it when a normal routine sets in, she'll learn to accept these new habits. Encourage her along and use any training methods you think is necessary.

Every girl is different so be creative and go slow with her.

We word our subliminal messages to sound like thought patterns to something she herself thinks she's thinking. Spoken by our female voice we call Amy these messages will sound like her own thoughts making her believe she's thinking this.

### **Chapter 2: The Relationship**

Dream Girls started out with a small selection of subliminal programs just for training girls but we have grown to promote other topics in behavior training.

We now offer several subjects when it comes to teaching girls new habits & behavior.

#### **We have the following subliminal selections,**

- Submissive Subliminal Programs
- Slave Girl Subliminal Programs
- Girlfriend Subliminal Programs
- Wife Subliminal Programs
- Maid Subliminal Programs
- Animal Subliminal Programs
- Self-Help Subliminal Programs

And the Amy Converter Subliminal Programs

Now we deal with three types of relationships which are equals, 24/7 Master & Slave or if she's submissive we have programs for the girlfriend and household wife.

Even Pet Play and Maid training.

**1. Equals** - Having the same privileges, status, or rights.

**2. 24/7 Master & Slave** - A complete power exchange where she surrenders her privileges, status, and rights to someone she can call Master.

**3. Role play** - Role-playing, in this sense, is play acting.

Remember like anyone, we all want a healthy relationship and jumping into a relationship is not healthy.

One should go slow with his girl even if she's your girlfriend, slave or wife when starting out on these subliminal programs taking a new step in your relationship.

Let's say after a week of listening to one of the programs she starts exhibiting new behavior or showing signs that the subliminal messages are working.

Whatever the case may be now is the time to enforce the new behavior, but Little-by-little you should at a slow pace introducing her to her new role.

Start small saying things like. "You're a good girl!" or something like "You've done well" or if you prefer to enforce it with a firm hand by all means go for it!

Now let's say you have her listening to the subliminal (I love cooking) for example, if she's never cooked some meals that well before be sure to compliment her!

Say something like, "This is a good cake!" You want her to feel comfortable in what is happening around her.

Be enthusiastic and continue the training by encouraging the new changes in her behavior. The idea is to make this habit forming so that she won't slip-up!

Remember once something becomes a habit it is hard to break it.

**Hint:** Remember girls are emotional creatures and require respect. If you respect her, she will soon fall into line!

### Chapter 3: The Lee MP3 Player: Windows Software

Dream Girls also has its very own MP3 software!

Allow the Lee MP3 Player to run in the background unnoticed while she's listening to the silent subliminal messages and slowly transforming into your dream girl. The MP3 software will play one subliminal program at a time.

We call it the Lee MP3 Player which is available in the Dream Girls Members Area.

#### **Chapter 4: Listening**

You could give her the Music programs as a relaxation CD or put them on an MP3 Player, something she can listen Daily.

For best results she should listen daily to the special music containing the subliminal messages playing in the background of the music.

This is just one of many ideas you can use!

Or you can use the new and improve completely silent subliminal programs for training the female mind.

Even the Lee MP3 Player's software can be used for getting her to listen.

**Hint:** Even while she sleeps the subconscious mind will pick up on the subliminal messages.

Another idea is that you could tell her all about the subliminal programs letting her know what you expect of her and what kind of relationship you want.

But go slow not wanting to scare her :) Remember this is something new she's learning.

You can even force this on her if necessary, if she's willing or not the changes will be the same!  
All of Dream Girls Subliminal Programs will produce positive results!

For best results she should listen **1 to 2** times a day depending on the subject and how she listens.

#### **Chapter 5: Subliminal Scripts**

We use Affirmations we like to call Scripts carefully crafted and well researched for before making them into a full subliminal program related to any subject.

Paid members can read these subliminal scripts covering all the subliminal programs. In which you can use to better assist you in her training.

These scripts are written for the female mind.

Do not share the script with your girl! This might allow her subconscious to resist the current subliminal messages. Knowing what's on it will alert the girl's mind in what is happening.
